the leading spanish language treatise on the law on torts has now been translated into english making it accessible to jurists scholars and practitioners throughout the world it addresses the central analytical questions in modern tort theory by reference to first principles explaining how doctrinal tension has resulted from the law s evolution the book also offers a theoretical framework for understanding and analysing the doctrines behind the main tort rules found in different jurisdictions including their interrelationship and historical development steeped in chilean legal doctrine and case law on torts it also considers authorities from britain germany the usa france and spain this is a magisterial and important work

la influencia y pervivencia de prácticas no escritas que se respetan y mantienen como verdaderas instituciones consuetudinarias en el ambito agrario centran este estudio incluye un apendice de jurisprudencia

this is a book on equity in the civil law tradition from the double perspective of legal history and comparative law it is intended not only for civil lawyers who want to better understand the role and history of equity in their own legal tradition but also and perhaps more saliently for common lawyers who are curious about why the history of equity has unfolded so differently on the continent of europe and in latin

america the author begins with the investigation of the philosophical foundations of the western notion of equity in the teachings of plato and aristotle and of how their ideas affected the works of the great attic orators chapter 2 he then addresses the way in which roman law turned this notion into a legal concept of considerable practical importance chapter 3 and how it survived the fall of rome and was later elaborated in the middle ages by civilists and canonists chapter 4 subsequently the author analyses how the notion of equity was dealt with in the modern era by legal humanists protestant and catholic theologians scholars of the *usus modernus pandectarum* and of roman dutch law and then by legal rationalism and the philosophers of the enlightenment chapter 5 he then deals with the history of equity on the continent since the fragmentation of the *ius commune* and the codifications of the nineteenth century and with its reception in latin america chapter 6 finally the author offers some closing remarks on the fundamental equivocalness or relativity as some scholars put it of the notion of equity in the civil law tradition today conclusion

derived from the renowned multi volume international encyclopaedia of laws this practical analysis of the law of contracts in spain covers every aspect of the subject definition and classification of contracts contractual liability relation to the law of property good faith burden of proof defects penalty clauses arbitration clauses remedies in case of non performance damages power of attorney and much more lawyers who handle transnational contracts will appreciate the explanation of fundamental differences in terminology application and procedure from one legal system to another as well as the international aspects of contract law throughout the book the treatment emphasizes drafting considerations an introduction in which contracts are defined and contrasted to torts quasi contracts and property is followed by a discussion of the concepts of consideration or cause and other underlying principles of the formation of contract subsequent chapters cover the doctrines of relative effect termination of contract and remedies for non performance the second part of the book recognizing the need to categorize an agreement as a specific contract in order to determine the rules which apply to it describes the nature of agency sale lease building contracts and other types of contract facts are presented in such a way that readers

who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable time saving tool for business and legal professionals alike lawyers representing parties with interests in spain will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative contract law

this book deals with a subject that has recently been the focus of debate and law reform in many jurisdictions how much scope should spouses have to conclude agreements concerning their financial affairs and under what circumstances should such agreements be binding and enforceable these marital agreements include pre nuptial post nuptial and separation agreements the book is the result of a british academy funded research project which investigated and compared the relevant law of england and wales australia austria belgium france germany ireland the netherlands new zealand scotland singapore spain sweden and the jurisdictions of the united states in addition to chapters on these jurisdictions the book includes a chapter on the english practitioner s view it also provides a comparative analysis of the different matrimonial property regimes and the rules on marital agreements that explores underlying themes and principles and makes recommendations for regulating marital agreements a key theme is the function and effect of marital agreements in the different jurisdictions thus each chapter first explains the underlying default rules for ancillary relief matrimonial property and maintenance it then analyses the current rules for marital agreements and gives a brief account of the private international law rules the book provides a comprehensive source of reference on ancillary relief matrimonial property and maintenance and the rules on pre nuptial post nuptial and separation agreements in 14 jurisdictions it offers guidance for academics and practitioners dealing with international matters and a basis for discussions on law reform i applaud the vision and perseverance of jens scherpe in having conceived this book and with so much distinguished help in now bringing it to birth i will be using it for many years and i warmly invite my fellow family lawyers across the world to do likewise foreword by the rt hon lord wilson of culworth justice of the supreme court of the united kingdom
